Efficient Product Rebates

Commercial Lighting Rebate Guide

To meet rebate requirements, many measures must be ENERGY STAR® certified, and DesignLights Consortium® qualified. These lighting products provide high performance and value for your business.

Find ENERGY STAR® and DesignLights Consortium® qualified products at:

energystar.gov/products and designlights.org/search

Projects replacing existing energy efficient lighting may not be available for rebates. Please contact us to confirm before you purchase and install your product.

Rebates that state availability as "in-store" have a rebate applied at the time of purchase at one of our participating distributor partners.

If your utility bill is less than \$3,800 monthly and you have not yet purchased your products, your business may qualify for rebates in addition to those listed here. Receive project approval from Efficiency Nova Scotia before purchasing products in-store, to obtain additional rebates. Products marked as "Pre-approval" must receive project approval from Efficiency Nova Scotia before purchase using the "Before you Buy" application.

If product has already been purchased, additional rebates are not available on products marked as "in-store". The following tables list the product requirements and rebates available for energy-efficient commercial lighting products. For more information please visit our website **efficiencyns.ca/business**.

Indoor Lighting

Product	Availability	Criteria		Rebate
Decorative Lamp	Small Business Pre-Approval Only	 Includes common decorative shaped lamps such as chandelier and candle lamps Must be ENERGY STAR* certified Business must use less than 350,000 kWh annually 	All	\$3
General Use Lamp	Small Business Pre-Approval Only	 Includes omnidirectional lamps such as A-lamps and globes Must be ENERGY STAR* certified Business must use less than 350,000 kWh annually 	All	\$3
Reflector (Directional) Lamp	Small Business Pre-Approval Only	 Includes R, BR, MR, PAR lamp shapes Must be ENERGY STAR* certified Business must use less than 350,000 kWh annually 	All	\$6

Product	Availability	Criteria		Rebate
Downlight Luminaire		ceiling mounted luminaires, surface mounted luminaires, pendant luminaires, inseparable solid state luminaires, downlight solid state retrofit kit	400 - 999 lm	\$8
			1,000 - 2,999 lm	\$12
	Small Business Pre-Approval Only		≥ 3,000 lm	\$15
		Includes wall sconces and	400 - 999 lm	\$10
	Small Business	retrofit kits	1,000 - 2,999 lm	\$18
LED Wall Sconces	Pre-Approval Only	 Must be ENERGY STAR* certified Business must use less than 350,000 kWh annually 	≥ 3,000 lm	\$30
			10,000 - 19,999 lm	\$100
High-bay Luminaire (DLC Premium)		 Includes high-bay aisle luminaires and high-bay 	20,000 - 29,999 lm	\$150
	Mail-in	luminaires for commercial and industrial buildings Must be qualified as a DLC	30,000 - 39,999 lm	\$250
			40,000 - 54,999 lm	\$350
		premium product	≥ 55,000 lm	\$450
		Includes high-bay aisle	10,000 - 19,999 lm	\$65
		luminaires and high-bay luminaires for commercial and	20,000 - 29,999 lm	\$12 \$15 \$10 \$18 \$30 \$100 \$150 \$250 \$350 \$450
High-bay Luminaire (DLC Standard)	Mail-in	industrial buildings	30,000 - 39,999 lm	
		Must be DLC qualified	40,000 - 54,999 lm	\$275
			≥ 55,000 lm	\$375
	In-store	 Includes low-bay luminaires for commercial and industrial buildings and retrofit kits Must be DLC qualified 	5,000 - 9,999 lm	\$30
Low-bay Luminaire			≥ 10,000 lm	\$50
Stairwell and Passageway Luminaire	Mail-in	 Must be replacing non-dimmable stairwell and passageway fixture Must be able to dim to < 25% of full output when no occupants are detected Must be in operation 24 hours/7 days a week Must be DLC qualified 	All	\$55

Product	Product Availability		Criteria	
1x1 Troffer	In-store	Includes luminaires for		\$10
1x2 Troffer		ambient lighting of interior commercial spaces and	All	\$10
1x4 Troffer		retrofit kits		\$30 \$40
2x2 Troffer		Must be DLC qualified		\$30 \$40
2x4 Troffer				\$35 \$50
		Includes direct linear ambient	≤ 2,499 lm	\$15 \$20
		luminaires, linear ambient luminaires with indirect	2,500 - 4,999 lm	\$25 \$30
Linear Ambient Luminaire	In-store	component, strip/wrap	5,000 - 9,999 lm	\$40 \$50
		Must be DLC qualified or ENERGY STAR* certified	≥ 10,000 lm	\$55 \$65
Refrigerated Case Luminaire	Mail-in	 Includes both horizontal refrigerated case luminaires and vertical refrigerated case luminaires installed in refrigerators and freezers Must be DLC qualified 	All	\$6 / ft
		Includes luminaires that	575 - 1,199 lm	\$10
Wall-wash Luminaire	In-store	illuminate walls in interior spaces Must be DLC qualified	≥ 1,200 lm	\$20
Track or Mono-point Direction Luminaire/Accent Light Line Voltage	In-store	Includes ceiling-mounted tracks or fixed single head Replacement lamps not eligible (such as PAR38) Must be DLC qualified or ENERGY STAR* certified	All	\$15 / head
Four Pin-Base Replacement Lamps for CFLs	Mail-in	 Designed to replace four-pin compact fluorescent lamps including: horizontal, vertical and 2G11 lamps Must be DLC qualified 	All	\$5
			2 foot	\$35 \$50 \$45 \$20 \$25 \$30 \$40 \$50 \$55 \$65 \$6 / ft \$10 \$20
		Designed to replace T5/T8/T12	3 foot	
Linear Replacement Lamp	In-store	fluorescent lamps	4 foot	\$5 \$6
		Must be DLC qualified	8 foot	
Horticultural Lighting	Mail-in	 Designed to replace 1000W HIDs Must be DLC qualified on the Horticultural Lighting Qualified 	U-Bend < 650W	
		Products List Must be used in horticultural applications		

Outdoor Lighting

Product	Availability	Criteria		Rebate
Wall-Mounted Area Luminaire (Full-Cutoff)	In-store		300 - 1,999 lm	\$15
		Includes outdoor full-cutoff wall-mounted area luminaires and retrofit kits	2,000 - 4,999 lm	\$30
			5,000 - 14,999 lm	\$60
		Must be DLC qualified	15,000 - 24,999 lm	\$100
			≥ 25,000 lm	\$200
			300 - 1,999 lm	\$15
Mall Mountaid Area		Includes outdoor non-cutoff	2,000 - 4,999 lm	\$30
Wall-Mounted Area Luminaire (Non-Cutoff and	In-store	and semi-cutoff wall-mounted area luminaires	5,000 - 14,999 lm	\$60
Semi-Cutoff)		Must be DLC qualified	15,000 - 24,999 lm	\$100
			≥ 25,000 lm	\$200
			250 - 999 lm	\$20 \$30
		Includes landscape/accent	1,000 - 4,999 lm	\$30 \$40
		flood and spot luminaires landscape, and architectural	5,000 - 14,999 lm	\$75 \$85 \$185 \$210 \$250 \$300
Flood and Spot Luminaires	In-store	flood and spot luminaires and retrofit kits	15,000 - 29,999 lm	
		Must be DLC qualified	30,000 - 49,999 lm	
			≥ 50,000 lm	\$400 \$450
		Includes outdoor pole/arm-	1,000 - 4,999 lm	\$50
			5,000 - 9,999 lm	\$100
Pole/Arm-Mounted Area	MARIE E	mounted area luminaires and retrofit kits	10,000 - 24,999 lm	\$150
Luminaire	Mail-in	Roadway lighting not eligible	25,000 - 39,999 lm	\$250
		Must be DLC qualified	40,000 - 54,999 lm	\$350
			≥ 55,000 lm	\$450
	Mail-in	Includes outdoor pole/arm- mounted decorative luminaires and retrofit kits	1,000 - 1,999 lm	\$60
Pole/Arm-Mounted Decorative Luminaire			2,000 - 5,499 lm	\$75
Decorative Earningle		Must be DLC qualified	≥ 5,500 lm	\$100
	Mail-in	Includes parking garage	2,000 - 6,499 lm	\$50
Parking Garage Luminaire		luminaires and retrofit kits	≥ 6,500 lm	\$75
		Must be DLC qualified		
Fuel Pump Canopy	Mail-in	 Includes fuel pump canopy luminaires and retrofit kits 	2,000 - 6,999 lm	\$80
Luminaire	Mail-in	Must be DLC qualified	≥ 7,000 lm	\$150

Product	Availability	Criteria		Rebate
LED Replacement Lamps for HID Lamps		Designed to replace high intensity discharge lamps	250 - 4,999 lm	\$20
			5,000 - 9,999 lm	\$40
	Mail-in	 New construction projects are not eligible (retrofit only) 		
		Roadway lighting not eligible	≥ 10,000 lm	\$60
		Must be DLC qualified		
Case Lighting for Sign Retrofit Applications		Minimum three year warranty		
		Minimum 60 lumens per watt		
		 Undergone IES testing (LM-79 and LM-80 or equivalent) 		
	Mail-in	New construction projects are not eligible (retrofit only)		t
		Include pictures clearly showing the new LED case lighting installed in the sign		

Lighting Controls

Product	Availability	Criteria	Rebate
Occupancy Sensor - Wall- Switch or Fixture Mounted	In-store	For use with LED or fluorescent systems	\$20
Occupancy Sensor - Ceiling or Wall Remote Mounted		The use of a program start ballast is recommended for fluorescent systems	
		Excludes ENERGY STAR* certified or DLC approved fixtures with integrated occupancy sensors	\$40
Occupancy Sensor - Exterior	In-store	Fixture must automatically shut off during the day by using a timer, photo-sensor or similar technology	
		 For use with LED or fluorescent systems The use of a program start ballast is recommended for fluorescent systems 	\$10
Fixture Integrated Controls	Mail-in	Must be DLC qualified High- Bay Luminaires with Integral Controls capability	\$20
		 Controls must be enabled and programmed for use 	
Daylighting Controls - Wall- Switch or Fixture Mounted	Mail-in	System commissioning is	\$10
Daylighting Controls - Ceiling or Wall Remote Mounted		strongly recommended to ensure maximum energy savings • For indoor use only	\$30
