Electric Thermal Storage (ETS) Rebate Application

Homeowners can apply for rebates within 90 days of purchase and installation of qualifying heating systems. **Incentives are available for equipment installed after June 1, 2020.**

In order to qualify for a rebate, your application and all associated documentation **MUST** be received within 90 days of purchase and installation. All incentives for ETS systems must be replacing or supplementing electric resistance heat. Please see application package details on page 3.

Rebates are **not available** for the replacement of existing ETS systems - functioning or non-functioning.

Homeowner Information

Please note: Homes must be an existing (at least six months past the occupancy permit) single family home used year round.
