Commercial Water Heating Rebate Guide

The following table lists the product requirements and rebates available for energy-efficient commercial water heating products. For more information please visit our website efficiencyns.ca/business.

If you are installing a split system (i.e. a system with an outdoor unit) for water heating, space heating or both, please use the heating worksheet and rebate guide.

If your utility bill is less than \$3,800 monthly and you have not yet purchased your products, your business may qualify for rebates in addition to those listed here.
