

Efficient Product Rebates

Commercial Compressed Air Equipment Rebate Guide

The following tables list the product requirements and rebates available for energy-efficient compressed air products. For more information please visit our website efficiencyns.ca/business.

If your utility bill is less than \$3,800 monthly and you have not yet purchased your products, your business may qualify for rebates in addition to those listed here.

Air-Entraining Air Nozzles

Product Requirements	Rebate
Air-entraining air nozzles are more energy-efficient than hand-held/fixed air nozzles. They use less compressed air for cleaning and drying by collecting the surrounding atmospheric air. Note: Nozzles exceeding 14 CFM at 100 psi are not eligible for rebates.	\$100 / unit

Cycling Refrigerated Air Dryers

Capacity (CFM)	Product Requirements	Rebate
0 - 25	<ul style="list-style-type: none">Cycling refrigerated dryers automatically turn on and off in response to load instead of running continuouslyDryers up to 300 cubic feet per minute (CFM) capacity are eligible for rebates	\$25
26 - 50		\$50
51 - 100		\$100
101 - 150		\$150
151 - 200		\$200
201 - 250		\$250
251 - 300		\$350

No-Loss Drains

Product Requirements	Rebate
Timed drains use a timer to set a local lower limit of condensation in the system and often release valuable compressed air along with condensate. A no-loss drain opens the valve only when signaled by a condensate-level controller and is therefore more energy-efficient. Note: Timed drains are not eligible for rebates.	\$120 / unit

Efficient Product Rebates After You Buy

Complete this application if your business has purchased and installed qualifying products within the last 90 days.

Complete your application

**Send the following documents with your application.
Check each box once you enclose each item.**

- ☐ This fully completed rebate application
- ☐ An official detailed invoice (see [invoice guidelines](#) for what's required)
- ☐ Completed worksheet(s) for the products you installed;
- ☐ A copy of a recent electric bill

Send your fully completed application and all required documents to:

Email:

rebates@efficiencyns.ca
(please note that we cannot accept high-risk attachments such as ZIP, EXE or files that exceed 10MB).

Fax:
